

assistance in finding private rented accommodation in the area.

We expect students on this professionally-based course to maintain professional standards of behaviour at all time, and to act in accordance with the Health and Care Professions Council (HCPC) Guidance for Conduct and Ethics for Students:

<https://www.hcpc-uk.org/globalassets/resources/guidance/guidance-on-conduct-and-ethics-for-students.pdf> and to demonstrate the skills, attitudes and behaviours that will

Meningitis
Measles
Mumps
Rubella
Chickenpox
Tuberculosis

AECC University College has unique multidisciplinary clinics which attract a variety of clinicians and patients, and we actively seek new opportunities for students off campus within the NHS and private sector to enrich their clinical learning. It is necessary for clinical staff, students, and public protection that everyone is protected in accordance with the UK Health Security Agency guidance. If you do not have any of the vaccinations listed above, you must contact your General Practitioner or family doctor to arrange for these as soon as possible. If you have had these vaccinations, you will be required to provide evidence of them or have blood tests to assess your immunity. Your General Practitioner or family doctor are normally able to provide a printout from your medical records.

At AECC University College, offers are subject to satisfactory screening in terms of your health and welfare before the start of your course. This is to ensure that you are physically and mentally suited to a career in health. If you have any concerns about your medical suitability, you are advised to discuss this with your General Practitioner (GP) or local healthcare provider.

Students undertaking NHS placements will require extra vaccinations e.g. Hepatitis B (3 dose course), you can view more information on [our website](#).

Placements:

The locality of placements can take students across Dorset and neighbouring counties. This will incur additional costs and students need to plan for this in their annual budget. Typically, these costs are for travel and, if necessary, accommodation to access placement. The amount of money involved will depend on the site of the placement, distance from home, and the type and length of placement. Costs of several hundred pounds can be expected, and exceptionally over £1000 per year. UK students may claim placement travel expenses, and costs towards any additional accommodation that may be required in order to access placements from the NHS support fund but these costs are reimbursed to a threshold. More information about this can be found at: <https://www.nhsbsa.nhs.uk/pahp> gt5 can be found at:

their own cost.

Core texts are available in the library but there are limited numbers and most students buy some but not necessarily all text books.

We are unable to offer any storage facilities for personal belongings of students except for
